Dear Canine Safety Systems, Inc.:

On behalf of Main Line Animal Rescue, we thank you so very much for the most generous donation. We are reminded each day that our work, on behalf of the animals at MLAR, is made possible through the generosity of caring friends like you. Your support advances the work of our shelter that takes in about 500 puppy mill dogs a year. In addition, MLAR is dedicated to making a difference by continuing to bring attention to the need for change in laws regulating puppy mill breeding facilities.

Your gift of \$150.00, check #3749 dated August 29, 2008, is fully tax-deductible. We are truly grateful for your thoughtful donation related to the referrals of the Restifo and Galfand families.

MLAR specializes in the rescue and placement of abused, unwanted and abandoned companion animals. We never discriminate on the basis of health, age or breed. By involving and educating the community, MLAR works to raise the public's awareness of the plight of homeless animals as well to promote the benefits of adopting an animal in need. Our animals are examined, vaccinated, spayed or neutered and receive any and all medical treatment before they are placed in carefully screened homes in our local area.

We work tirelessly to improve the lives of animals in need and with the generous support of friends like you, we will be able to help many animals find loving homes. For more information on how your donation is helping to make a difference we invite you to visit our web site at www.MLAR.org.

Sincerely,

Thank you for your generous gift.
